

THE STORY OF THE KESWICK AND PENRITH RAILWAY RE-OPENING SO FAR...

***Covering the history of the railway, why it closed,
why CKP Railways plc took up the challenge to re-open it ...
how it is can provide transport services that the North Lakes needs
... and what happens next***

Find out:

- How the new railway would benefit communities, visitors, businesses and the environment – especially after the grant of World Heritage Site status to the Lake District
- What has been done so far to design the new railway and develop the business case
- Who needs to act to ensure that the railway gets built

**Printed and pdf download versions available
Please use the order form overleaf**

**For every copy purchased direct from the publishers
a contribution will go to the CKP Railways plc railway re-opening project**

**Trade and educational / multiple users licence enquiries by e-mail please to:
cedric@martindale.f9.co.uk**
